

Welcome to Brimpton Airfield!

ARRIVAL

Check-In at the Pilots check-in 'C'.

Our landing fee is replaced today by a donation of £5 (or more at your discretion) to the Thames Valley Air Ambulance, who get all our fly-in profits. Last year we raised £2,600 from three events. Please help us to help them. Your generosity is appreciated.

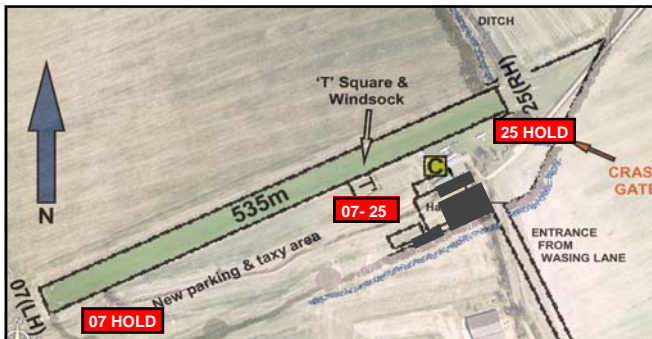

DEPARTURE

14.30 to 16.30 is our air display window. Departures during that time are at the discretion of the Duty Radio operator and may be subject to short delays.

Start engine when you're ready, but only move after you have made a radio call and follow directions from the radio operator and marshals.

*Enter the runway only at the marked thresholds for **07**, **25** or the intersection by the 'T' square marked **07-25** when indicated as safe by the radio operator.*

When you enter the active runway, please be ready for immediate departure with all checks done before line-up.

Thanks and have a great day at Brimpton!
